

RISE CONVEYOR

Process More. Faster.

MACHINE SPECS

The GreenBroz Rise Conveyor represents a further step in automating your harvest process, boasting continuous and metered feeding to various machines in your harvest process, further improving the efficiency of your harvest process.

The Rise Conveyor is compatible with multiple GreenBroz machines, like the Model M Dry Trimmer, Sorter, Precision Grinder (coming soon), and Model Z Dry Trimmer (coming soon).

Easy to move from machine to machine, the Rise Conveyor holds up to 15 pounds at a time and, when paired with our Sorter, allows you to sort that 15 pounds in as little as 7 minutes.

Hopper Capacity: ~15 lbs
