## GREENBROZ INC ANNOUNCES PARTNERSHIP WITH PUROGEN BOTANICS LLC

For immediate release: GreenBroz Inc., the global leader in harvesting solutions for the legal cannabis industry, proudly announces a strategic partnership with PuroGen Botanics LLC.

In forming this strategic partnership, GreenBroz Inc. adds to its already impressive line of harvesting equipment, now boasting the exclusive distribution rights to the cannabis industry's *only* decontamination, re-hydration, and terpene infusion machine on the market today.

With TheBOX™ organic mold remediation technology, cultivators can revitalize crops that have been impacted by mold or other microbial contamination, creating a foolproof solution to a difficult industry problem. Additionally, cultivators can use TheBOX™ for terpene infusion or to re-hydrate flower that has become too dry and would otherwise be discarded or turned into inferior product.

TheBOX™, Reactive Oxygen System (rO), provides an energy efficient, effective, terminal decontamination system that produces a zero ecological footprint while employing a proprietary Reactive Oxygen technology originally developed for transplant tissue more than two decades ago.

The technology was optimized for cannabis using healthcare validation standards. TheBOX™ delivers a fresh and pure cannabis flower safe for any consumer.

"We're thrilled to be able to announce our partnership with PuroGen Botanics LLC as exclusive distributors of TheBOX™, a product that is sure to not only save our clients money by eliminating lost crops due to microbial contamination but also a product that will ensure the safety of both medical and recreational cannabis consumers. This groundbreaking technology also performs re-hydration and terpene infusion, which is something the cannabis industry has not seen before. It thrills us to be able to provide such a high-quality, high-value item to an industry that needs solutions, just like this. The PuroGen team shares our value and goal of providing the finest harvest equipment to the cannabis industry."

~ GreenBroz Inc. CEO Cullen Raichart ~
