 GREENBROZ.COM

 INFO@GREENBROZ.COM

The M1 dry cannabis trimmer was designed with clean-ability and control in mind. Listening to community feedback we created a trimmer focused on being easy to clean and to use. With a tool free tension fit design and more efficient blade contact, the M1 is the trimmers best friend.

QUICKLY CLEAN

The GMP compliant design of the M1 means you spend more time trimming and less time cleaning.

TOTAL CONTROL

With a focus on control and ease of use, the M1 lets you stay in control of your trim the entire time.

MEDICAL GRADE

316 Stainless steel throughout allows this trimmer to stay cleaner and last longer.

ONE SCREW

Expertly designed and held together with one screw and tension.

in / cm
Height 51 / 129.54
Width 32 / 81.28
Length 29 / 73.66

Toolless

No tools needed to rapidly disassemble the Model M1 to be cleaned.

Clean

Quickly clean each component without worrying about rust.

Quiet

Gentle on your flower and on your ears at only 60 - 67 decibels.

1-2-3

Remove the blades in seconds, fully disassemble the M1 in under five minutes.
