

# PRECISION SORTER + SORTER TABLE

Maintain Quality. Process Faster.

GREENBROZ

## MACHINE DETAILS

The GreenBroz **Precision Sorter** revolutionizes size sorting your cannabis harvest. Exponentially speed up your sorting process while maintaining quality with this industry-born machine. Sort 1.5+ lbs/min with our Precision Sorter alone, or pair it with our Rise Conveyor to instantly increase throughput to 5+ lbs/min.

The Sorter Table is included with the GreenBroz Precision Sorter. This table boasts up to a 15-pound capacity while offering flexible size adjustments to fit your sorting needs.

- Sort 1.5+ lbs./minute (sorter only)
- Sort 5+ lbs./minute (paired with Rise Conveyor)
- Weight: 300 lbs.
